

Garden Island Dockyard

Heritage Group Tour

Garden Island became part of Australia's naval history just 16 days after the arrival of the First Fleet in 1788, firstly as a ships' garden. Its naval use further developed into a naval depot near the end of the 19th century, and ceased to be an island in 1945.

Many of the buildings now over 100 years old, each has its own history. Rarely seen by the public these tours provide an exceptional opportunity to visit a working dockyard and appreciate its history.
